

Specification Sheet

The Disposable Lawn Trimming Booties are one size fits all and designed to protect one's shoes, lower pant legs, and feet from getting dirty while using a lawn trimmer, push mower, or working in muddy/dirty conditions. The Booties can also be used to prevent dirty shoes from spreading the dirt and grime that is attached to them.

The top opening is, 17 ½" opened circumference and has 8" closed circumference using ½" elastic band. The center ¼" elastic band is 20" from top, 21 ½" open circumference and 8" closed circumference. The height of the bootie is 28". The toe end of the bootie has a 10" circumference and the over all length of 15".

The Disposable Lawn Trimming Booties are available in a variety of colors, preferably orange or yellow, for visibility safety. The Disposable Lawn Trimming Booties are made from Dupont Tyvek for durability.
